

Putting Greene County Habitats on the Map in Local Planning

a workshop for land use decision-makers

Municipalities play an essential role in guiding land use decisions and the future of natural resources. Attend a free training to work hands-on with habitat maps and learn about:

- The new Greene County Grassland Habitat Management Plan
- Significant grassland, wetland, and riparian areas in eastern Greene County for water and wildlife and how they benefit communities
- How habitat maps and conservation principles can inform townwide policy and planning and site-specific project reviews
- How existing land use planning tools, including State Environmental Quality Review, can help conserve grasslands

Self-certification forms for 3 hours of municipal training credit will be provided.

November 5th, 6:00-9:00pm

Greene County Industrial Development Agency

270 Mansion St., Coxsackie, NY 12051

Registration deadline: October 31st

This event is free of charge. Light refreshments will be provided.

Please register by phone at (518) 402-8954 or online at: <https://www.eventbrite.com/e/putting-greene-county-habitats-on-the-map-in-local-planning-tickets-12754193135>

Hudsonia Ltd.

This project is funded by the New York State Environmental Protection Fund through the Hudson River Estuary Program of the New York State Department of Environmental Conservation.
